General Secretary

Ref. No. :

Date : 07.04.2014

- ❖ WBCUPA announces its active support to all the candidates of All India Trinamool Congress who are in the democratic fray in the upcoming National Election of India.
- ❖ WBCUPA by extending its unconditional support to them has planned to distribute leaflets, campaign to general public, reach out to communities, organize such press conferences, and address general people from as many as street corner meetings in all of the forty-two constituencies in West Bengal. All these activities will be so conducted that our academic and professional commitments are not hindered, as well as we reach out to maximum possible people on the street without creating any impediment to their own activity.
- ❖ WBCUPA appeals for support and votes for all candidates of All India Trinamool Congress in this election so that All India Trinamool Congress led under the creative and perceptive guidance of Ms. Mamata Banerjee, with maximum Member of Parliament can play key role in shaping the future of the country as well as the state of West Bengal

Key Reasons:

- ❖ WBCUPA is committed and inspired by the secular principles embedded in our culture and upheld strongly by the All India Trinamool Congress under the visionary and responsive leadership of Ms. Mamata Banerjee. We want to spread the message of peace, understanding and cooperation among people of all communities in the state as well as the country;
- ❖ WBCUPA has full faith on the mission, vision, sensitivity and inclusive policy of our Chief Minister, Ms. Mamta Banerjee, who even under so many hurdles and hindrances, have been able to raise the state revenue earning, create policies for every sector of people in the state, offer governance which is transparent and dynamic, and remain fully committed to development process that does not create displacement. We want to communicate our research and experience to the common people on the street so that they can take an informed decision;
- ❖ WBCUPA supports and is committed and inspired by the call by All India Trinamool Congress under the imaginative and insightful leadership of Ms. Mamata Banerjee for EQUALITY, EXTENTION AND EXCELLENCE in Higher Education. This far-sighted vision for the year 2020 and 2030 not only has started exhibiting signs of change and employability in this sector, but also in creating human resources at par with the International standards.
- ❖ The Federal Structure of Indian Democracy has been under severe strain under the direct and indirect policy initiative of the UPA II Government for last three years. This was evident as to how the UPA II Government acted most inhumanly and disdainfully out of political vendetta and created an unprecedented indirect economic blockade. This was possible by taking advantage of peculiar contemporary socio-political history of West Bengal, created under previous Left Front regime in Bengal that perpetrate and perpetuated financial anarchy for more than three decades without adhering to fiscal discipline. While UPA Governments committed numerous scams and lost public fund in tune of 5.02 Lakh crores, but took away more than Rs 76,000 crore from West Bengal since 2011 towards repayment of debt and interest. West Bengal was also denied the payment of another Rs 11,000 crore on different commitments made by the Centre. WBCUPA decries this, and supports exploration of an alternative in centre so that states are not treated in such fashion where the rights and dignity of Indian citizen is compromised.
